For some people, retirement dreams can consist of comfy slippers and gardening. Not so David and Helene, whose dream was of adventure. They presented Audley Travel with the challenge of exploring the history, landscape, wildlife, people and food in fifteen countries over ten months. Fortunately, they were up to the task so David and Helene traded their slippers and gardening gloves for 53 flights, 30 trains, 8 boats, 3 cruise ships, 1 light aircraft, I hot air balloon, a motorbike and sidecar, countless speedboats, taxis, tuk-tuks, cyclos and bicycles. And a disobedient horse.

Turning Left Around the World is an entertaining account of their adventure, often intriguing, frequently funny and occasionally tragic. Share their adventure, enjoy the surprises and meet some fascinating people along the way.
